We would like to encourage all parents to create a Denver Public School's Parent Portal Account. A Parent Portal Account gives you access to your child's academic and attendance records including report cards. Parent Portal makes your life easier! You would no longer need to fill out lengthy paper registration forms in the fall and in January when the Choice process begins, you can fill out the Choice paperwork on-line. However, you have to sign up to get all the benefits of Parent Portal. Only one account is needed for all your students in Denver Public Schools.

If you have not created a Parent Portal Account, please go to myportal.dpsk12.org and click on "Getting Started." You will need an email address and one of your student's ID numbers. You can create your account immediately. If you do not know your student's ID number, please call our office. If you have questions call Bradley at 720-424-9468 or the Portal Hotline at 720-423-3163.
