

BRADLEY ENRICHMENTS

Bradley After School Enrichment Programs

Winter and Spring 2017

New Enrichment Programs!

We are excited to announce our Winter and Spring Enrichments. Winter programs will start at the end of January and beginning of February. Spring programs will start after Spring Break and will run into Mid-May. *Please refer to our Enrichment Calendar for exact dates. All enrichments run from 3:45pm-5:00pm. Please send a snack for your child and be prompt for pick up at 5:00pm.*

Registration Process—Outside Programs

Outside Programs: Bradley International partners with three outside enrichment programs: Science Matters on Mondays, Sticky Fingers Cooking on Tuesdays and Wednesdays, and Young Rembrandts Art on Thursdays. All of these enrichment programs are open to students in Kinder through 5th Grade. **All classes meet in Room 122 (Spanish Room).**

Science Matters: Each year programs are different and cover different topics. Our clubs combine fun and science by incorporating teacher demonstrations and hands on activities in a fun, science filled classroom. Each week, students also complete a take home project that reinforces the science concept being taught. **Register online** <http://www.sciencematters.tv/> or call 303-805-9287. Paper registration forms are available outside the main office and in the health office. New camps begin on Monday, February 13th (5 sessions) and on Monday, April 10th (4 session). Pricing online.

Young Rembrandts

Sticky Fingers Cooking: Let your child release their inner chef! Students will prepare and eat healthy, globally inspired recipes all while learning to cook in a fun, engaging and real-world way! Our Chefs will reinforce kitchen skills associated with our weekly recipes and emphasize each area of cooking-terminology, ingredients and fun nutrition facts (even a few bad jokes!) We will practice measurements, use a wide array of cooking utensils all while preparing the freshest ingredients. Full recipes will be created each class with our AWESOME master chef Sticky Fingers Cooking instructors. **Online registration only.** Visit stickyfingerscooking.com or email info@stickyfingerscooking.com. Winter sessions start on Tuesday, February 7th (6 sessions) and Wednesday, February 8th (6 sessions). Spring sessions start on Tuesday, April 5th (6 sessions) and Wednesday, April 6th (6 sessions). For more class info & to register go to <https://stickyfingerscooking.com/school-programs/colorado> and enter "Bradley". Pricing online.

Young Rembrandts Art: Our elementary-age curriculum is designed to teach basic to advanced drawing skills, art techniques and vocabulary. We believe that drawing is the bedrock skill required for future artistic success. We give them skills to express their creativity, and believe that all children can – and should – learn to draw. You'll see increased art abilities, learning skills, self-confidence and self-esteem. **Register online** at <http://www.youngrembrandts.com/sedenver/view-classes-enroll/>. Paper registration forms are available outside the main office and in the health office. Winter sessions start on Thursday, January 19th (5 sessions), and Thursday, February 23rd (4 sessions). Spring TBD. Pricing online.

Registration Process—In-House Programs—Winter Session

Bradley is excited to offer a wide variety of enrichment programs taught by our very own teachers and para-professionals! Payments are made directly to the instructor. *Winter Session starts the week of January 30th.*
