

News from the IB Eagle's Nest...

- We ended the week on a high note with some beautiful **Colorado** weather and we celebrate Earth Day on Monday!
- Today, **3rd Graders dug in the garden!** They dissected a bean seed and discovered all the different parts of a seed. Then they planted their own pea seed to nurture and eventually plant in the Bradley garden.
- **IB Attribute: Knowledgeable:** Our Kindergarten classes finished up their Where We Are in Place and Time unit. In this unit, they reached out to friends and family members in different parts of the country and world. In return, they sent postcards and artifacts from those cities. The classroom then discussed the city or country depicted in the postcard or artifact they received. All students gained knowledge about so many different places in the world. You can discuss with your child about the different places you might have visited in Colorado or around the world. Every adventure contains knowledge!
