

Every product purchased funds the removal of one pound of trash from oceans, rivers, and coastlines

4ocean is a public benefit corporation and Certified B Corp committed to ending the ocean plastic crisis. We employ full-time captains and crews around the world to recover harmful marine debris that is polluting our oceans. We also work to stop plastic pollution at its source by educating people about this global crisis and empower them to end their dependence on single use plastic.

Every 4ocean product purchased comes with our One Pound Promise to pull one pound of trash from the ocean, rivers, and coastlines. Every purchase helps fund our global ocean cleanup operation and supports a growing movement to end the world's reliance on single use plastic.
