

Rocks & Minerals

Research
posters

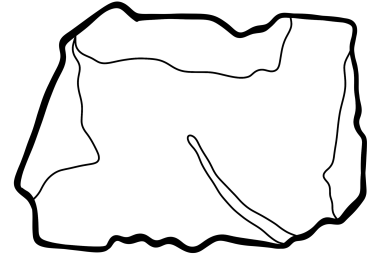

Name: _____

Basalt

- Rock or Mineral
- If it is a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is Basalt formed?

Where is basalt found?

Colors

Other fun facts:

Texture & Hardness

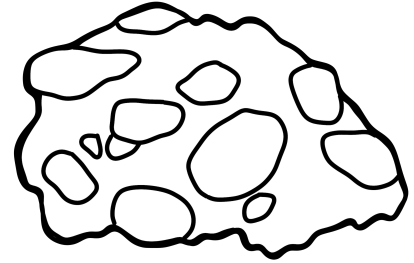

Basalt is used for...

Name: _____

Conglomerate

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is it formed?

Where are conglomerates found?

Colors

Other fun facts:

Texture & Hardness

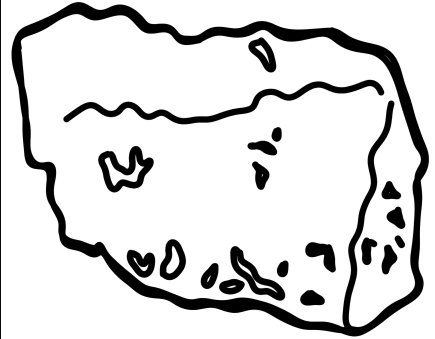

Conglomerates are used for...

Name: _____

Diorite

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is diorite formed?

Where is diorite found?

Colors

Other fun facts:

Texture & Hardness

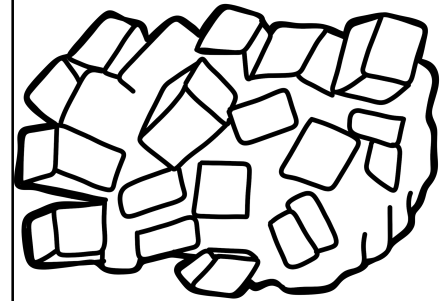

Diorite is used for...

Name: _____

Dolomite

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is Dolomite formed?

Where is dolomite found?

Colors

Other fun facts:

Texture & Hardness

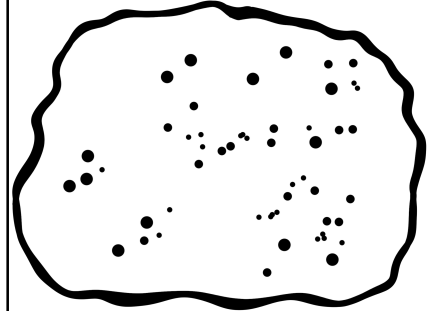

Dolomite is used for...

Name: _____

Felsite

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is felsite formed?

Where is felsite found?

Colors

Other fun facts:

Texture & Hardness

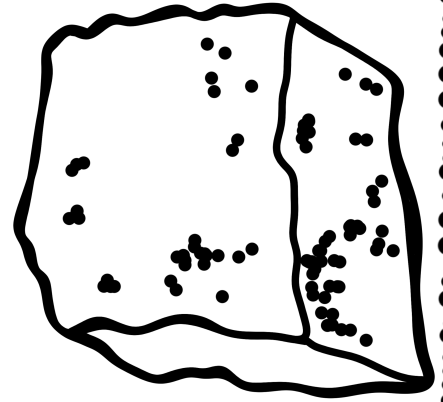

Felsite is used for...

Name: _____

Granite

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is granite formed?

Where is granite found?

Colors

Other fun facts:

Texture & Hardness

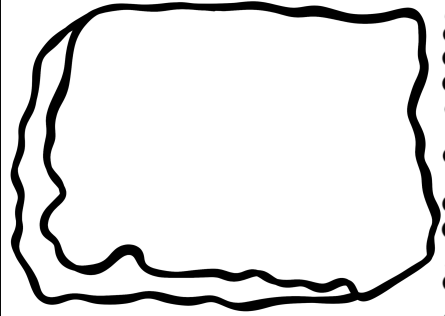

Granite is used for...

Name: _____

Limestone

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is limestone formed?

Where is limestone found?

Colors

Other fun facts:

Texture & Hardness

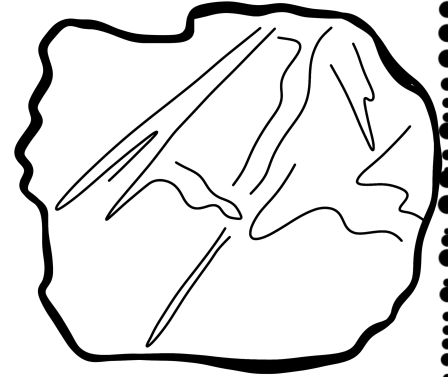

Limestone is used for...

Name: _____

Marble

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is marble formed?

Where is marble found?

Colors

Other fun facts:

Texture & hardness

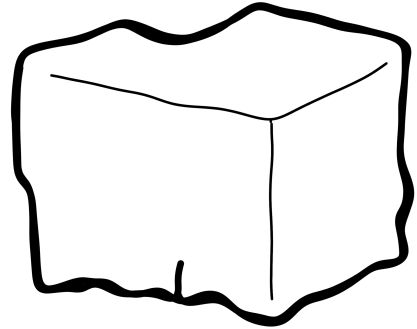

Marble is used for...

Name: _____

Quartzite

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is quartzite formed?

Where is quartzite found?

Colors

Other fun facts:

Texture & Hardness

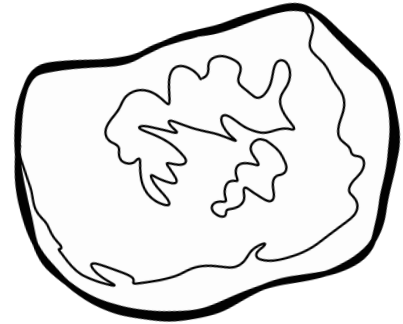

Quartzite is used for...

Name: _____

sandstone

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is sandstone formed?

Where is sandstone found?

Colors

Other fun facts:

Texture & Hardness

sandstone is used for...

Name: _____

Schist

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is schist formed?

Where is schist found?

Colors

Other fun facts:

Texture & Hardness

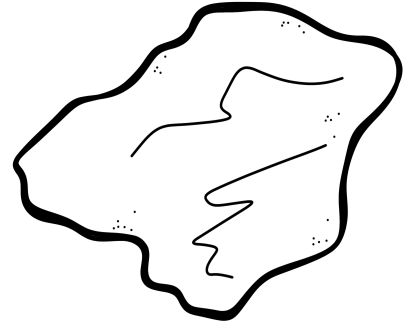

Schist is used for...

Name: _____

Sedimentary

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is sedimentary formed?

Where is sedimentary found?

Colors

Other fun facts:

Texture & Hardness

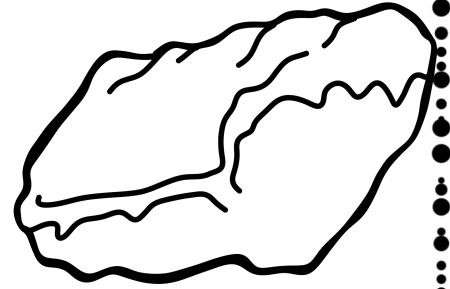

Sedimentary is used for...

Name: _____

Serpentine

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is serpentine formed?

Where is serpentine found?

Colors

Other fun facts:

Texture & Hardness

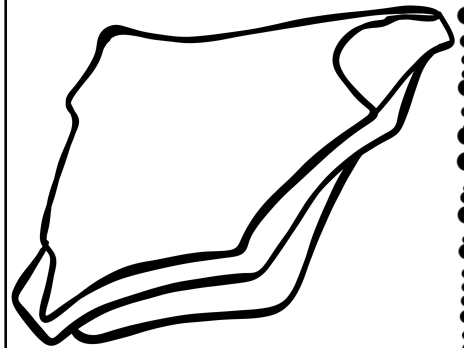

Serpentine is used for...

Name: _____

Shale

- Rock or Mineral
- If it's a rock is it sedimentary, igneous, or metamorphic?
- What minerals is it made of?

How is shale formed?

Where is shale found?

Colors

Other fun facts:

Texture & Hardness

Shale is used for...

Name:

<ul style="list-style-type: none">• Rock or Mineral• If it's a rock is it sedimentary, igneous, or metamorphic?• What minerals is it made of?	How is it formed?	
Where is it found?	Colors	Other fun facts:
Texture & Hardness	What is it used for...	

I sincerely appreciate you stopping by Lisa Taylor Teaching the Stars! I hope you enjoy your product! You may blog or post about it on social media, but please don't copy or share pages. Please give credit by linking back to my blog or store. Thank you!
