

Families,

I hope everyone has a wonderful break and a happy Thanksgiving. In this folder you will find a variety of activities to do at home with your child throughout the week. These are skills we work on at school and we encourage you to work on them at home with your child. This does not need to be done in one day, work on it throughout the entire week. Send back completed work on Monday, November 28th. Thank you!!

Name Writing: Have your child trace over their name. After tracing over their name you can have them try to write their name without tracing. While writing names identify letters in name and spell names. Encourage your child to start their name with uppercase letters and use lowercase letters for the rest of their name.

Number and Letter Scavenger Hunt: Use the letter and number leaves and put them around your house. Have your child go on a scavenger hunt to find the letters and numbers. Once they have found the letter or the number then have them use the recording sheet and trace over the number or letter that they found.

**Do two separate hunts so the kiddos don't get numbers and letters confused.

**They can also use the sheets to trace and practice letter and number formation.

Beginning Sounds: Look at the pictures on the worksheet and identify the beginning sound. Then have your child write the letter next to the picture.

**Your child may need help with identifying sounds and letter formation.

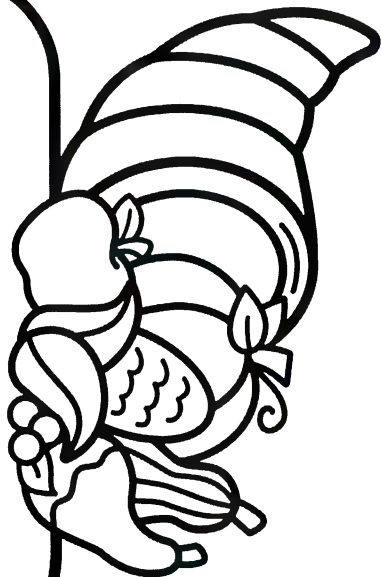

Turkey Ten Frames: Complete a ten frame for each number.

Turkey Numbers: how many feathers each turkey has and then write the number in the box.

**Help your child count, identify the number, and write the number.

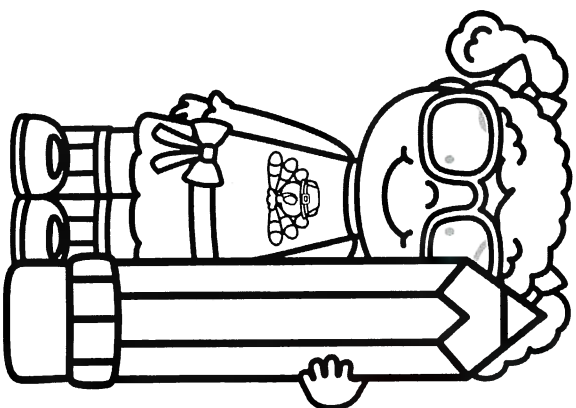

Turkey Patterns: Color the feathers on the turkeys to create a pattern. They can create various patterns. (For example, red, yellow red, yellow, or red, red, yellow, red, red, yellow, etc.)

I can write my name!

My name starts with...

A large rounded rectangular box for writing the first letter of the child's name.
