- **What would you like to see?!** A group of volunteers has been working to **bring a mural to the Bradley campus!** The goal of the Bradley Mural Project is to improve the existing retaining wall (on the northwest side of the school property) by installing a creative and inspiring artistic mural! Research proves that visually stimulating aesthetics make a positive difference for child learners. In fact, the “aesthetics of learning space impact brain function and influence how students feel.” (Edutopia) We want our Bradley children to feel a true sense of pride and enthusiasm when it comes to their school. **TAKE THIS SHORT SURVEY to tell us the kind of artistic themes you’d like to see incorporated in the Bradley mural.** (<https://docs.google.com/forms/d/e/1FAIpQLSeDwvTIRz9vbo>)
