Fall 2019

Music Teacher: Mr. Imkong Yaden

Music Class

Hey amazing Bradley parents!

I am really excited to be a full time music teacher this year. I am truly blessed to be spending every day with your wonderful kids and bringing them the joy of music through various instruments I have been able to acquire these past few months. Below are some of the things your kids are working on for the Fall semester.

How to Support at Home:

- Continue introducing them to music of all genres.
- Have them analyze beats, rhythms and lyrics as they listen to it.
- Encourage them to practice and internalize musical ideas using their voices and body movements (dance).

Kindergarten, 1st and 2nd: Kids are working hard preparing for the fall “holiday and cultural performance” to be held the week before Winter break.

3rd 4th and 5th: Kids are continuing to learn important musical language and theories using modern band instruments such as the drums and keyboards. They are starting to internalize music through creative writing and music reading.
