

Summer Learning! Summer 2021 Programs

ELEMENTARY / MIDDLE SCHOOL (K-8)

In DPS, we believe it is important to keep our students learning, safe, and healthy every summer, ensuring they return to school in the fall ready to succeed.

The programs listed below are FREE, or offered at reduced cost, and provide students with opportunities to grow and thrive this summer.

Summer Camps

Discover Link Summer Camp - [Website](#)

Discovery Link offers weekly camps that provide a lively, active summer environment for children to engage in a variety of experiences, including visual and performing arts, sports and Field Days, science, cultural exploration, and student-led activities.

Denver's Youth Program Locator (all ages!) - [Website](#)

Use the Denver's Youth Program Locator to search for virtual and in-person programs that lead to kids staying safe, active and engaged this summer. Easily customize your search to meet your needs and find your child's next fun adventure!

Summer Enrichment Programs - [Flier](#)

DPS Summer Academy has partnered with three community-based organizations (Scholars Unlimited, Boys & Girls Club, and STEAM Academy) to provide families with full-day no cost programs for students of all ages.

Scholars Unlimited - [Website](#)

Scholars Unlimited provides comprehensive summer learning programs to underserved elementary school students. Summer Scholar days are filled with fun, engaging, hands-on activities and include breakfast, lunch, and snacks.

Boys & Girls Clubs - [Website](#)

Join Boys & Girls Clubs of Metro Denver this summer for a variety of programs designed to keep kids and teens active and engaged. Activities include summer learning, field trips, team sports (including baseball and softball), leadership programs, cultural arts activities and more! Summer programs are open to **all school-aged youth grades K-12**.

Generation Teach STEAM Academy - [Website](#)

The Generation Teach STEAM (Science, Technology, Engineering, Art, Math) Academy is a free 5- or 6-week summer academic acceleration program for **middle-school students**. The GT STEAM Academy (GTSA) introduces students to engineering and social justice, accelerates math and reading skills, and provides four electives of their choice (art, dance, sports, and world languages). Free breakfast and lunch are served daily. Fun Fridays feature field trips, team competitions, and games.
