School News

- **Attendance Line: 720-424-9398.** If your student(s) will be out or running late, please call the Attendance Line. Remember, if your child has a fever of 100 degrees or more, please do not send them to school. If they are throwing up in the morning, please do not send them to school. Students should be fever free for 24 hours without medication. Please see the attached letter: [How Sick is Too Sick](#) for guidelines.
- **Reading List:** All Bradley students have a grade level reading list that should be completed by the end of the school year. Copies of the reading list have gone home. If you need an extra copy, please see the [Bradley Library website](#) or contact Ms. Distel at stacy_nishioka@dpsk12.org.
- **Million Words Challenge:** We have been a part of the Read a Million Word Challenge for over 10 years! Students can keep track of their word count through their TOPS AR Report or on the Million Words Tally Sheet. Copies of that are found on the [Bradley Library website](#) as well. Students who finish their classroom reading list or read a million words by May, 2020 will be celebrated at a Literacy Assembly and are presented with a certificate from Mr. Wera!!

- **From the Lunchroom:** If you have not filled out a **Free and Reduced Lunch application** this year, please do so. 65% of Bradley families have not completed their application. DPS has sent out a reminder to complete this as it helps with school funding. Even if you do not want to qualify, please fill out an application. You will need your student's ID number. You can get this from your Parent Portal, a progress report, or call the office. This should be done each school year. All FRL applications are done online at myschoolapps.com.

Community Happenings

- **Dahlia road work update:** Denver Public Works will be working on the repaving project on Dahlia between Hampden and Yale starting **MONDAY, September 16th through Friday, September 20th**. There will be one lane open to traffic but travel between the two main roads will be slower than usual. They anticipate this project to take a week and we will keep you updated if it goes longer.
- **Ross-University Hills Library - Fix-a-Flat Clinic - Saturday, September 14th 2:00-4:00pm:** When you ride your bike, there's nothing worse than being away from home and getting a flat tire or needing to make an adjustment to your bike and not having the tools to get you back on the road. Join the Denver Community Active Living Coalition for a hands-on tutorial on how to repair your tire using one of the library's Bicycle Repair Kits. Get your ride working and get back on the road! No need to bring your own bike, we'll have plenty of practice materials on hand. All ages and abilities welcome
